VOLUME 6. MARYVILLE, MISSOURI, FRIDAY, APRIL 14, 1916. NO. 271.

FIRST NIGHT WAS FINE "APPETIZER"

MUSIC FEAST IN SPRING FESTIVAL IS ON.

COOPER AND LINDQUEST DELIGHT THEIR AUDIENCE

Maryville Will Hear Great Orchestra Twice Today—Singers Again in Evening.

Maryville's musical feast in the first spring music festival is on. The "appetizer" was served as a first course last night in the artists' recital of Jean Vincent Cooper and Albert Lindquest. If the contralto and tenor are a fair indication of what music lovers are to have today, April 13-14 will really go down as great days for them in Maryville.

The audience did not have to wait long after the opening of the program to learn what was to be given. Mr. Lindquest showed clearly his great tenor powers in Handel's aria, "Sound an Alarm," from "Judas Macabeus." His volume was specially notable in this stirring martial number.

JEAN VINCENT COOPER
Contralto
who shared the honors with Mr. Lindquest last night.

Complaint is often heard when a singer gives a group of songs in another language because the hearer is not sufficiently trained in vocal music to appreciate a number whose words he cannot understand. But one need not know French to enjoy fully the singing of the French group by Mr. Lindquest.

ALBERT LINDQUEST
Tenor
who delighted his audience last night in the Artist's Recital.

Those who know most about it say that Miss Cooper was technically the better singer, but the crowd liked the personality of the man and showed plainly their preference. His informality in selections also increased the delight of the average hearer. The applause was so insistent after the ending of "Mammy's Song," by Harriet Ware that the second half of the song was repeated. Mr. Lindquest exhibited a remarkably long sustained closing phrase.

Miss Cooper's Wonderful Range.

Although the quality of Miss Cooper's voice was distinctly contralto, it would have been hard to distinguish it from that of a mezzo soprano in range upward. She was probably at her best in MacFadyen's "Inter Nos," this number getting more comment than any other of the artist. It was extraordinary not only for the excellence of the voice but also for the impassioned fire with which it was given.

LEONORA ALLEN
Soprano with the Minneapolis Symphony Orchestra who sang this afternoon.

Those who heard the two last night are eager to hear them tonight with the accompaniment of the orchestra. The other great attraction of the night program aside from the orchestra itself will be the playing of Richard Czerwonky, concert master, of two movements of the Concerto in D, by Wieniawski. Tonight's program follows:

Part I.

Symphony No. 4, in F minor, Op. 36 ..... Tschaikowsky
I. Andante sostenuto—Moderato con anima.
II. Andantino in modo di canzona.
III. Scherzo: Pizzicato ostinato.
IV. Finale: Allegro con fuoco.

Aria—"O Don Fatale," from "Don Carlos" ..... Verdi
Jean Vincent Cooper.

Overture to "Tannhauser".... Wagner

Part II.

Concerto in D (two movements).... Wieniawski
I. Andante religioso.
II. Finale—allegro.
Richard Czerwonky.

Dance of Nymphs and Satyrs..... G. Schumann

Aria—"Celeste Aida," from "Aida".. Verdi
Albert Lindquest.

"Under the Linden Trees," from "Scenes Alasciennes"——Massenet
Cello, Cornelius Van Vliet.
Clarinet, Pierre Perrier.

Symphonic Poem No. 3, "Les Preludes"..... Liszt..

REVIVAL BEGINS SUNDAY

FIRST CHRISTIAN CHURCH IN TWO WEEKS MEETING.

The Rev. C. Emerson Miller Announces First Week's Subjects—H. J. Becker to Lead Choir.

The revival of the First Christian church will begin next Sunday morning with the pastor, the Rev. C. Emerson Miller doing the preaching. "The Print of the Nails" will be the subject Sunday morning and "Sin-A Universal Fact" will be the topic of the Sunday evening service.

The subjects for all next week and Easter Sunday follow. No services will be held Saturday night but the meetings will continue through the week following Easter. The week's subjects as announced today by the pastor for next week are:

Monday, "God's Attitude Toward Sinners."

Tuesday, "Lost and Found."

Wednesday, "Will Turning Over a New Leaf Do?"

Thursday, "Christ's Law of Pardon."

Friday, "Saving Faith."

Sunday morning, "A Glorious Resurrection."

Sunday evening, "The Divine Magnet."

H. J. Becker will have charge of the choir and the music during the revival. He is gathering a special choir which will have from sixty to seventy-five voices. Mrs. F. P. Robinson will be the soloist, giving a special number every night.

Two pianos and the organ will be used. New song books have been ordered particularly for the meetings. Other details such as personal work methods and the holding of cottage prayer meetings have not been arranged at this time. The subjects for the week following Easter will be announced the latter part of next week.

COLLECT TIN CANS

PARNELL WILLING WORKERS OFFER PRIZES FOR THEM.

WANT "BRAG DAY" ALSO

Women Leading Right Off in Efforts to Improve Their Home Community.

The Willing Workers, a women's organization at Parnell, are right down to business, as will be seen from the following plans and suggestions as given in the Sentinel:

The Willing Workers are offering cash prizes for a general "tin can day" for Parnell, the contest including all boys under 13 years of age. April 28 has been chosen for a suitable day. The prizes awarded are as follows: First prize for most cans, $1.00; second prize for next number, 75 cents; third prize for third number, 50 cents; fourth prize for fourth number, 25 cents. And as a general prize for each boy who does not receive any of the above a dish of ice cream. Boys entering the contest will please register with the committee, Mrs. S. B. Moody and Mrs. H. Day, who will give further information. Well, boys, school will soon be closed and wouldn't you like to clean up during the next week? Nothing is more unsightly than those old tin cans. Come, get busy and see who can earn the prizes. Are they not worth the effort? Just try.

Why Not Have Drag Day?

Many of the towns in northwest Missouri are having Drag Day, and why not Parnell? Cash prizes are being given for the person dragging the longest distance, second longest distance, greatest number of miles, second greatest, best four-horse team with drag, best four-mule team with drag, best three-mule team with drag, oldest man with drag, heaviest man with drag, best drag owned by driver, lightest team with drag, etc. Free dinner and free horse feed are being given besides the cash prizes.

This would be a great advertisement for Parnell and vicinity besides putting the roads in good shape and getting something for the work done on the roads. This could be in charge of the farmers' institute committee or an organization could be formed for the purpose. In some places commercial clubs have the matter in charge while in others a community club takes the lead. Anyway, let's get together and do something.

ADMIRALTY VIOLATES BERNSTORFF PLEDGES

Near Friend of President States Case—Great Britain Makes Huge Restitution.

Special to The Democrat-Forum.

Washington, April 14.—"Only a miracle can prevent an open break with Germany. The United States is ready to act on behalf of the right of the neutral nations. President Wilson is convinced that the promises made in good faith by Ambassador Bernstorff have been ruthlessly violated by the German admiralty.

"The situation is far more critical than it has ever been and there will be no more temporizing. The action decided on is only being deferred from day to day until the case is complete."

The above statement was made to the International News Service by one of the very few men who know the mind of Wilson intimately.

Action Within 48 Hours.

Action on the German situation of a final nature will be taken by the United States within forty-eight hours. Officials made this plain this afternoon after a cabinet meeting over the whole Teutonic submarine controversy. All the Wilson advisers admitted today that the affair was extremely critical.

England Restores $17,000,000.

London, April 14.—Restitution for the seizure of seventeen million dollars worth of goods shipped abroad by American packers was made by the British government today, following the settlement of cases in the prize court.

Turks Back 3 Miles.

London, April 14.—At the mouth of the Tigris river, in Mesopotamia, the Turks have been driven back three miles, the British war office announced. The forces there attacked the Turks, trying to cut through to relieve Townsend's army, which is bottled up at Kutelamara.

Balkans Witnessing Duel.

Home Baking Reduces Cost of Living

THE U. S. Dept. of Agriculture in Experiment Station Bulletin No. 142 says that ten cents worth of wheat supplies almost three times as much protein and ten times as much energy as round steak, and with some other cuts of meat the difference is even greater.

If then, one really desires to reduce her weekly meat and grocery bills, she need only make more use of her oven.

Who ever heard man, woman or child complain that good home-made biscuits, muffins, cake and cookies appeared on the table too often? Instead the tendency is "to make a meal of them" and the variety is so great that something you bake yourself could well be the chief feature of every meal.

Home Baking is Simplified by the Use of K C Baking Powder

With K C you can make things moist and rich yet have them light and feathery, wholesome and digestible. Biscuits may be mixed the night before and baked fresh for breakfast. Muffins need not be dry and heavy. You can make a cake so light that you can hardly get it out of the pan whole, yet it will not fall.

K C is not like the old fashioned baking powders. It is ***double acting*** and continues to give off leavening gas until the dough is cooked through. K C is sold at a fair price—a large can for 25 cents. This would be no object if strength and purity were sacrificed, but every can is fully guaranteed under State and National Pure Food laws ***and to please.*** We take all the chances. Your money back if you do not get better results with K C than any baking powder you ever used.

Include a can in your next grocery order, try some of the new recipes that appear in this paper from time to time. Then you will have gone far toward solving this vexing "Cost of Living" problem.

MISS BARNES WINS CONTEST

Will Represent Philomatheans in Inter-Society Affair—Talk of Senior-Junior Track Meet.

Miss Iva Barnes won the reading contest of the Philomathean society of the State Normal school yesterday, and thus gets the honor of representing her society in the annual contest May 18 and 19.

The Excelsior society has decided to enter the contests, so interest will be increased by the three-sided competition. The Excelsiors were just organized this year. In their preliminary, Viron Bird and Warren Vanscoy will contest for the oratory honor and Misses Fitzmorris and Sweet for the reading.

There is considerable talk around the Normal of a junior-senior track meet. The seniors won in basket ball and the underclassmen are longing for revenge.

TRIED VARIOUS KIDNEY REMEDIES BUT ONLY ONE PROVED RELIABLE

It is with great pleasure that I write these lines of praise for your wonderful kidney and bladder remedy. I had kidney trouble so bad I became very much alarmed. I had tried various kidney remedies I heard of, but without relief. I was about discouraged of ever being helped, when one day I picked up a book containing testimonials of people who had been helped and cured of their kidney trouble by the use of Dr. Kilmer's Swamp-Root, so I decided to try it, and I know I owe my present good health to the wonderful curative power of Swamp-Root. I sincerely hope my words will be the means of restoring many other sufferers of kidney and bladder troubles to good health.

Very truly yours,

ATKINSON REASONS

FORMER UTILITIES CHAIRMAN FOR GOVERNOR.

RECORD OF GOOD WORK

Minority Leader, Speaker, Assistant Attorney General and Leader for Better Laws.

John M. Atkinson, chairman of the public service commission, resigned a few days ago in order to devote his entire time to his campaign for the Democratic nomination for governor. This action of Mr. Atkinson has been expected for several weeks by his friends throughout the state who have known that he would sever all official connections before starting an active campaign.

General Atkinson stated today that his campaign would be conducted on a high plane, and that he would make his campaign upon his own merits.

In his announcement he declares for such legislation as will bring about better schools and roads; for prison reform—providing for better conditions at the state prison, the employment of convicts on the roads; the purchase of a prison farm, and the manufacturing of supplies for state institutions; for improvement of the administration and management of the insane hospitals and other like institutions—the taking of these institutions out of politics and the selection of physicians and nurses because of the qualifications for best taking care of the inmates; for the budget system in appropriating money for the support of the state government and institutions; for the enforcement of the law; for a new constitution to bring the governmental organization into harmony with present conditions; for the enactment of a fair and effective workmen's compensation law; and for sane, sound and workable rural credit legislation that will meet the needs not only of those who now own land, but which will enable the young man or the tenant to get a farm of his own.

Mr. Atkinson refers with pride to his record of public service, and recites his accomplishments, as follows:

Legislative Record.

Represented Ripley county in the legislative sessions of 1903, 1905 and 1907. Minority leader in 1905, holding the Democrats solidly for Senator Francis M. Cockrell, throughout the long deadlock of that session.

Unanimously Elected Speaker in 1907.

Under his leadership and with his active support much good legislation was enacted, including juvenile court law, pure food and drug act, primary election law, fellow servant law for miners, safety laws for miners, laws requiring safety devices on railroads to safeguard travelers and employes, law providing for county farm experiment stations, law establishing state dairy department, law providing for the establishment of tuberculosis sanitarium, and law establishing the first state good roads fund.

Assistant Attorney General.

Appointed assistant attorney general in 1909 and was placed in charge of and conducted many important cases.

Sustained the validity of option stamp law which has placed more than $200,000 in the road fund.

Sustained validity of "Grain Weighing Act," which has saved the farmers of Missouri at least $1,000,000 per annum.

Successfully prosecuted "Lumber Trust Case," securing fines aggregating $458,000, largest fine ever secured in this state.

Drafted public service commission law for presentation to legislature after making an extensive study of the interstate commerce commission act and the public service regulation laws of the various states. Appointed chairman of the commission and worked out the splendid and effective organization of the commission which is so fairly and economically handling the big problems presented to the commission.

Both Ways.

"I always like to meet a fellow who came from a farm," remarked Congressman Flubdub.

"Yes?"

"Yes. You can advise him to go back to it if he isn't a success and congratulate him on leaving it if he is."—Louisville Courier-Journal.

Certified Checks.

To certify a check is to write or stamp the word "good" or its equivalent on the face of the check, with the signature of the cashier or paying teller. This means that there is cash enough in the bank to meet the check and binds the bank to pay it.

As He Put It.

"Why didn't you go out for track practice yesterday instead of going to see Ruth?"

"Oh, a miss is as good as a mile any day."—Yale Record.

The better a man is morally the less conscious he is of his virtues. The greater the artist the more he knows his shortcomings.—Froude.

Robey, successful candidate for mayor, spent $67.30, of which amount $7.40 was for cigars, and the balance for advertising.

John Shonley for city marshal, expended $24.40, $15.40 being for cigars and the rest for advertising.

E. E. Tilton, defeated candidate for city marshal, had an expense account of $18.70, all for advertising.

L. L. Maier, for alderman from the second ward, expended $12.50 for advertising.

Elmer W. Barrock, successful candidate for collector, spent $8 for advertising and $4 for cigars.

FIRST B. J. BOOSTER GAME.

Tarkio Will Open Season There Sunday.

The Burlington Junction Boosters will open the season here Sunday, when they will cross bats with the Tarkio club. Manager Courter has secured a number of new players and a fast team is assured. He has also ordered new suits for the season. The uniforms are white with blue stripes and have belts, caps and hose to match. He has eighteen games already arranged for and will have more in the near future.

The Boosters have not yet secured the services of a good pitcher, but are in correspondence with several. It is reported that "Skunk" Vaughn, who managed and pitched here last season, has not made good at Jacksonville, Fla., and wishes to sign up with the Boosters again.—Burlington Junction Post.

Wanting Two New Bridges.

A petition was presented to County Clerk Fred Yeomans today for two new bridges a half mile south of Graham and a mile east. The petition will be acted on by the county court at their next meeting.

L. S. Mendenhall Mail Carrier.

Leonard Mendenhall has been appointed mail carrier on route No. 1, to fill the vacancy made by the resignation of Chas. Dane. Since Mr. Dane resigned in the spring, P. M. Jorgenson has been acting as carrier. Mr. Mendenhall begins his new work Monday.—Barnard Bulletin.

Eugene Yehle went to Hopkins today, where he will spend the week end with Orlo Bond.

A marriage license was issued by Recorder Baker today to Milo Comer and Clara May Campbell, both of Ravenwood.

Mrs. J. H. Lett and Mrs. W. F. Lett, Mrs. C. H. Lunte and daughter, Miss Ruth, of Pickering, were business visitors here today.

Mrs. Joe Weaver of Pickering, who has been the guest of Mrs. J. C. Farrar, left this morning for a visit with relatives in Ashland, Neb.

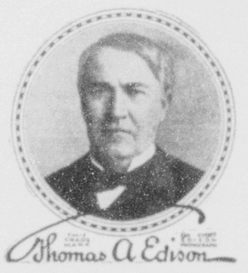
If We Told You

That out of a brain that comes to a nation but once in a generation there has come after years of toil—a master mind that has given to the world—more inventive genius than could reasonably have been expected from a dozen men in a generation—A mind that took the Tallow Candle and turned it into a Mazda Lamp—That has given work to a hundred thousand in producing the movies—and pleasure to a hundred million in seeing them—That took the Talking Machine and turned into a Musical Instrument—so that we actually have "Real Music at Last"—You wouldn't believe it—

YET IT'S TRUE.



IF WE TOLD YOU—

That because 49 out of 50 people say that the Edison is in a class by itself and buy it for that reason—that is no reason why the odd person shouldn't buy a needle machine if he really thinks that he likes that kind of a tone—We can't and don't expect to sell everyone—We know you'll believe that—

FRECKLE-FACE

Sun and Wind Bring Out Ugly Spots—How to Remove Easily.

Here's a chance, Miss Freckle-face, to try a remedy for freckles with the guarantee of a reliable dealer that it will not cost you a penny unless it removes the freckles; while if it does give you a clear complexion the expense is trifling.

Simply get an ounce of othine—double strength—from any druggist and a few applications should show you how easy it is to rid yourself of the homely freckles and get a beautiful complexion. Rarely is more than one ounce needed for the worst case.

Be sure to ask the druggist for the double strength othine as this is the prescription sold under guarantee of money back if it fails to remove freckles.

HELLMERS INVOICING PLANT

Maryville Electric Light and Power Company to Make Proposition to Burlington Junction.

Charles C. Hellmers, manager of the Maryville Electric Light and Power company was in Burlington Junction Thursday, invoicing the plant and lines of the City Electric Light company. Mr. Hellmers was accompanied by his chief engineer, and the two men spent the greater part of the afternoon making a careful invoice of the material.

In the near future Mr. Hellmers will be able to make a proposition to the people of Burlington Junction of furnishing electric service from Maryville. He desires to have a mass meeting so that all may understand the matter thoroughly. Future announcement will be made of the meeting.—Burlington Junction Post.

SOMERVILLE TO JAMESPORT

Clearmont Superintendent to Leave—Four Graduates for Exercises May 19.

We are very sorry to have to chronicle that Prof. Somerville, who has been superintendent of our schools for the past two years, will leave us at the close of the present school year. He informs us that he has accepted the position of superintendent of the schools at Jamesport, Mo., where he will have eight teachers under him.

While we are sorry to have Prof. Somerville leave us we are also glad that he has secured so good a position. He has given perfect satisfaction here, and under his supervision the grade of our school has been raised and we can cheerfully recommend him to the people of Jamesport.

The commencement exercises of the Clearmont school will be held at the M. E. church, May 19th. Alice Shear, Ruby Snoderly, Freelove Combs and Chester Bancroft are the seniors.—Clearmont News.

ILLEGAL FOOD PURE

NOT ALL ADULTERATIONS ARE HARMFUL.

SOME DON'T TELL FACTS

Unique Methods of Compounding Edibles Told by M. U. Preventive Medicine Head.

The writing of "The Jungle" by Upton Sinclair caused country wide excitement concerning the adulteration of foods and the dangers therefrom. The agitation has been kept up by a number of writers, some sincere and some evidently only working to take advantage of the wave of interest. The general effect has been good.

It is hard to draw the line between justifiable and unjustifiable chemical preservation. Every one uses salt, sugar, spices, vinegar, etc., which are chemicals. Long use has proved their harmlessness. Many other chemicals are used whose effects on the body by long continuous use are unknown. Still others are known to be harmful. Among those which are still under observation in this regard are some which may be entirely harmless, but, like other chemicals, they accomplish one object for the manufacturer which is unquestionably bad—they enable the manufacturer to use partly decayed materials which could not otherwise be put on the market, and to this extent they are wholly bad.

The writers on this subject excite a great amount of unnecessary alarm, since they do not draw a distinction between frauds which are merely commercial and frauds which are to be condemned because they are injurious to the health, says Dr. M. P. Ravenel, of the department of preventive medicine of the University of Missouri at Columbia. For example, glucose is a harmless and nutritious substance, and there is no objection to its use from the public health standpoint. It is highly objectionable as a commercial fraud when it is sold as honey, even if a dead bee is put in each jar to prove its genuineness, as manufacturers have done, or as cane syrup, or as an adulterant in candies supposed to be made entirely of sugar.

Unique Pepper Adulteration.

Another example is a specimen of ground black pepper which looked right, tasted right and smelled right. Analysis, however, showed it to be made up of starch 85 per cent, black pepper siftings 15 per cent, and a little cayenne pepper. The siftings gave the aroma, the cayenne pepper, the tang and the starch, the bulk. This specimen was wholesome and nutritious. There was nothing in it objectionable from the public health standpoint, though it was from beginning to end a commercial fraud of the worst kind.

Oleomargarine is another instance of a nutritious, cheap and wholesome product against which much unjust prejudice has been fostered. Selling oleomargarine as butter is a commercial fraud for which no excuse can be made, but from the sanitary point of view there is no objection to it. Good oleomargarine is much better than poor butter.

Kansas City Women Opposed To Giving Children Medicine

They Find "External" Treatment Better Than Internal Medicines for Children's Colds.

We give below letters from a number of Kansas City, Mo., ladies who were selected by their druggists to try out Vap-O-Rub—the "outside" treatment for cold troubles, introduced in Kansas City last winter. Vap-O-Rub is the invention of a North Carolina druggist. It comes in salve form, and has a two-fold action—first, the body heat releases the ingredients in the form of vapors, that are inhaled with each breath—second, Vap-O-Rub is absorbed through and stimulates the skin, aiding the vapors inhaled to relieve the congestion.

Mrs. James Hollens, 1928 Tracy Ave., has used Vick's herself for colds in the chest and asthma, and has also used it on her children, and "finds it excellent."

Mrs. Almira Turner, 1214 E. 24th St., relieved her husband of bronchitis with two nights' applications. She also used on her four months old baby for cold and on the other children, and says—"I find Vap-O-Rub does everything you say."

Mrs. T. L. Marshall, 139 N. Lawndale Ave., has two children, one six years old and one eight months old. The baby last winter had an obstinate cough for quite a while. Mrs. Marshall used Vap-O-Rub and writes—"The cough soon yielded to this treatment after several different cough medicines had been tried with no effect." Mrs. Marshall also writes—"Vap-O-Rub appeals to us because the delicate little stomachs are not being loaded down with medicines containing opium and other harmful ingredients."

Mrs. J. S. Hollis, 3622 Forest Ave., used Vap-O-Rub for "a terrific cold—could not breathe through my nose at all—impossible to go to sleep. Used Vick's Vap-O-Rub and in five minutes was asleep and breathing easily."

Mrs. W. A. Winkler, 6228 E. 15th St., says—"My baby had a cold, almost pneumonia. I used Vap-O-Rub on him as directed, and in one day's time he was better."

Mrs. Anna Taylor, 6040 Walrond Ave., has four children, and says—"I have never used anything as good for coughs and colds as Vap-O-Rub."

Mrs. Harry Webb, 2123 E. 37th St., says—"Our little girl is very susceptible to colds, and in fact this is the only winter and spring that she has escaped pneumonia, and we believe it is Vap-O-Rub that has kept her from a spell this year." Three sizes—25c, 50c and $1.00.

NEW SERIES 17

The new Studebaker models sum up all the resources of the great Studebaker manufacturing organization—experience, efficient capability, unlimited factory equipment—and this means the last word in automobile designing, materials and workmanship.

Refinements have been incorporated in the new models and they now stand supreme as typical exemplars of the highest achievement of one of the world's great manufacturers of motor cars.

Owing to enormously increased volume and the unrivaled manufacturing facilities that Studebaker possesses, the prices are remarkably low for cars of such quality. But it must always be remembered that Studebaker price is never a measure of Studebaker quality—that it has always been Studebaker policy to produce the highest grade possible without regard to price—that such low prices are possible only by reason of Studebaker leadership and superiority in equipment.

FENCE ADVERTISING WRONG

Farmers Have as Much Right to Advertise Their Products on Front Windows of Merchant.

"A farmer has as much right to paint a sign that he has butter and eggs for sale on the front window of the best store in town as the merchant has to paint his signs all over the farmer's barns and front yard fences," was the statement of J. B. Powell, instructor in advertising at the University of Missouri at Columbia in a speech before the Commercial Club of Hannibal, recently.

Mr. Powell said that merchants should cease the use of this primitive form of advertising for farmers are now reading newspapers. He told of several cases where ornamental concrete bridges on good roads have been practically ruined from the standpoint of beauty through the painting of signs by merchants in nearby towns. He said that this kind of advertising would never get any business from the farmers who put up the money to build the roads and bridges

"You will not find any mail order house signs on the sides of barns or on fences, but you may find the name of the mail order house on the shipping tags that brought these articles to the farmer's home. Mail order houses respect the farmer's intelligence by sending him an attractively printed book from which to order merchandise. No wonder they get the farmer's confidence and business," Mr. Powell declared.

Miss Lydia McCall, who has been the guest of Miss Bert Popham of Skidmore, and Mrs. R. A. Brown, on East First street, left last evening for her home in St. Joseph.

Grand Father Never Knew

But what he could see just as well as most other people—he had no one to go to to find out. Had he lived in this day and age we could have helped him enjoy his declining years in comfort. We can help you.

B. J. HAS CLASS OF TEN

HIGH SCHOOL COMMENCEMENT TO BE MAY 19.

Baccalaureate Sermon by Rev. O. L. Sample and Address by Rev. H. L. Weaver.

Ten pupils will be graduated from the Burlington Junction high school this spring, which is the largest class in the history of the school. Last year there were nine members of the class, in 1913 seven, and in 1912 eight. The number of pupils graduating each spring has made an average increase since the new building was erected in 1900.

The class roll this year is: Mary Yaple, Orpha Carlisle, Ruth Jones, Inez Alvis, Katherine Miller, Zelma Miller, Lima Rhodes, Margaret Parker, Harry Wagner, Oval West.

Commencement week will begin on Sunday night, May 14, with the baccalaureate sermon and will close Friday night, May 19, at which time the commencement exercises will be given.

The baccalaureate sermon will be preached by Rev. Orlanda L. Sample at the Christian church. The service will begin at 8 o'clock, and music will be furnished by a large chorus, composed of the singers from the churches.

Wednesday night, May 17, will be class night, and great preparations are being made by the class for this occasion. They are promising something entirely new, but the arrangements are being kept a secret and the class hopes to make a complete surprise of the event. The entertainment will be given at the Grand opera house.

Commencement exercises will be held at the Methodist church Friday night, May 19. The class address will be given by Rev. Horace S. Weaver, pastor of the Christian church.—Burlington Junction Post.

THE IMPORTED PERCHERON STALLION IDEAL 63216 (81478)

Will make the season of 1916, 2¼ miles south of Maryville, ¼ mile west of Albert Carr's residence, on what is known as the Gee DeWitt farm.

PEDIGREE:—Ideal is a black, with star, weighing a ton in breeding form and having the honor of being the sire of more prize winning colts at any of the recent horse shows of Nodaway county than any other horse in the county. He was the sire of the grade colt winning first in the pure bred class and grade class of 1913 Street Fair at Maryville. And also sire of grade colt at the 1915 Nodaway County Fair, winning second in the pure bred class, his successful competitor being a pure bred Belgian colt from Hopkins. This same grade colt being first in the grade class winning over the get of all Percherons. But why not? Ideal carries in his veins more of the blood of such noted prize winning sires as Theudus (40871), Besique (19602), Brilliant III (2919), Fenelon (38) and Old Brilliant 1271 (755), than any other horse in the county and possibly in the State of Missouri. So his prize winning colts are not an accident, but the results of good breeding for several generations as his pedigree will show.

The farmer in breeding draft horses, should try to get size and quality, combined with style and action, and uniform color. Ideal is capable of and does transmit these inherited qualities to his get to a very marked degree.

This horse is perfectly sound, with a world of bone, and good, clean hocks, standing square on his feet, and is a great mover, with plenty of style.

TERMS:—Ideal will stand at $15.00 to insure living foal. The money then due. Parting with or removing mare from vicinity in which owned at time of breeding forfeits service fee, which becomes due at once.

Care will be taken to prevent accidents, but will not be responsible should any occur.

Yours for good horses,
